together - these images
and reflections of you.

time is but the stream
i go a-fishing in.
i drink at it;
but while i drink
i see the sandy bottom
and detect
how shallow it is.
its thin current
slides away,
but eternity remains.
i would drink deeper;
fish in the sky,
whose bottom
is pebbly with stars.

my instinct
tells me that
my head is an organ
for burrowing, as some
creatures use their snout and
forepaws, and with it i would
mine and burrow my
way through
these hills.

i think that

the richest vein is

somewhere hereabouts; so by the

divining-rod and

then rising vapours i

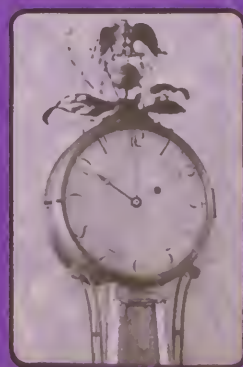

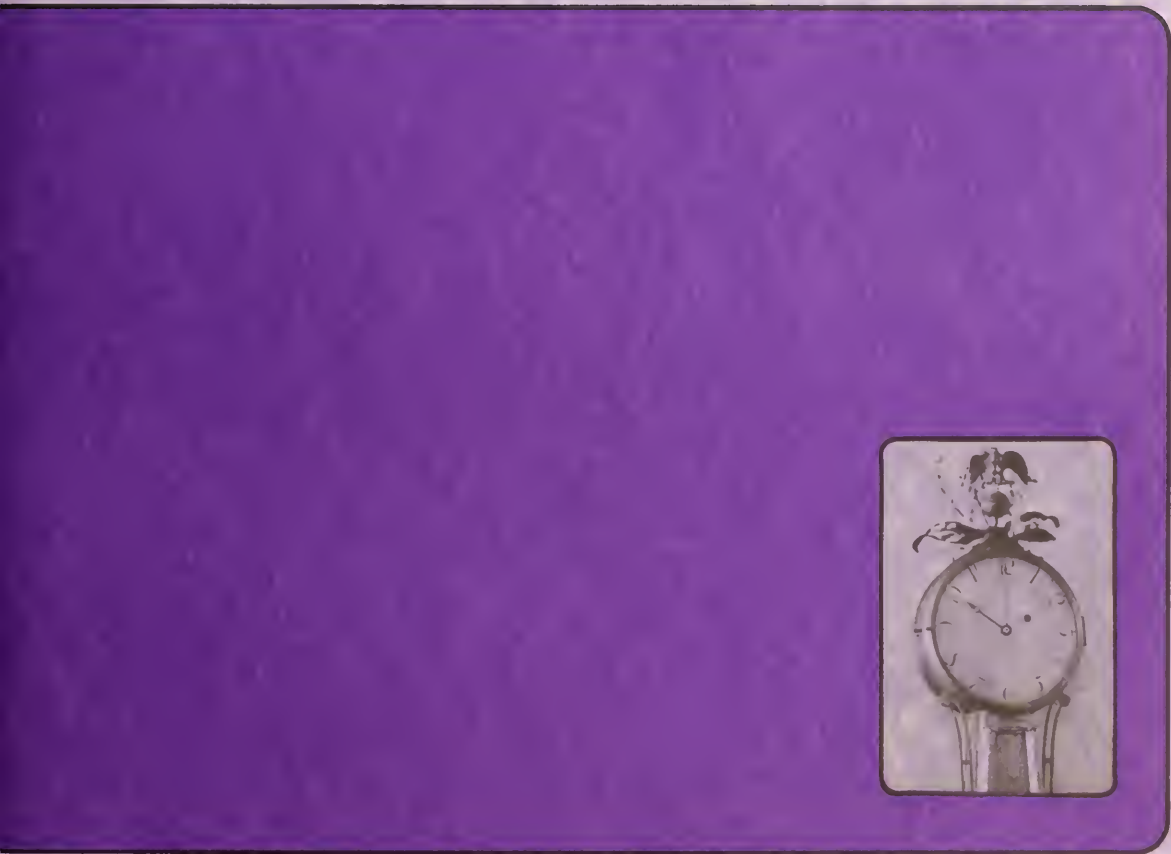

judge; and here i will begin

to mine.

Toad
of Toad Hall

Wind in the willows is whispering low,
Still is the meadow which dreams in the sun,
Blue overhead and green your bed,
Sleep, little people, to lullaby.

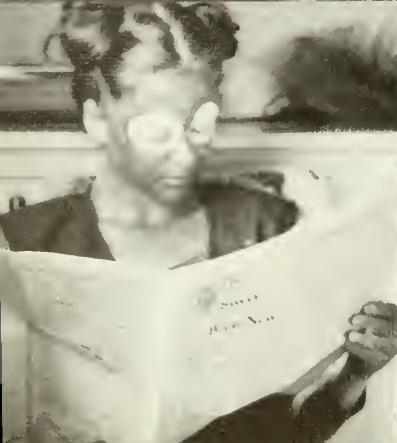

Down where the river runs heavy and slow,
Sleep now the chase of the morning is done,
Blue overhead and green your bed,
Sleep, little people, to lullaby.

Wind in the willows is whispering low,
Still is the meadow which dreams in the sun,
Blue overhead and green your bed,
Sleep, little people, to lullaby.

PRINCE LOST

Now they are down here and sit
 In their places in the pit
 For it is their fate to speed to death
 Now hovering over each gasping breath
 As they fill their lungs with smoke
 And their stomachs with food
 For they are now departed
 In a world beyond
 Their seats shall be reserved for their ghosts
 In the place are found

at the beginning, tiny —
growing, safe, secure
in a mother's arms —
a child's world.

kittycats, bonnets, tri soldiers, blocks
transformed into life

Remembrances of running races with brother
catching frogs and things

the years of
 indecision and insecurity
and
doing all for the first time.

a person growing,
 learning, changing
passing the years with age
transformed into maturity.

then,
instead of seeking security in a child's world
becoming that security.

may you go safe,
my friend, across that dizzy way

no wider than a hair,
by which your people go
from earth to paradise;

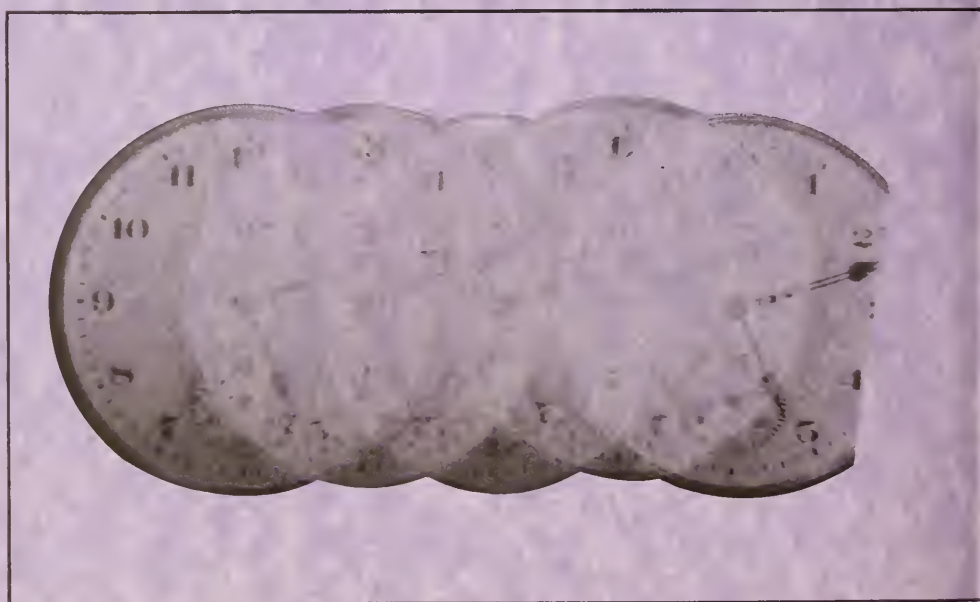

may you go safe today with stars and space above,
and time and stars below.

only when the clock

stops

does time come to life
